PUBLIC COMMENT FORM
YAKIMA COHO REINTRODUCTION FEASIBILITY STUDY

The Bonneville Power Administration and the Yakama Nation welcome your comments and recommendations that would help us identify issues associated with the Yakima Coho Reintroduction Feasibility Study.

Completing this form is not required as part of commenting. Any written comments can also be submitted on the YKFP web site at www.ykfp.org. Submit your comments on the link that reads "guest book area set up for master plan." Or comments can be mailed to:

Nancy Weintraub
Environmental Protection Specialist
Bonneville Power Administration KEC-4
PO Box 3621
Portland, OR 97208-3621
E-mail: nhweintraub@bpa.gov

Comments will be accepted through July 9, 2007.

Please provide your name and address so that we can include you on our mail list for future information about this project.

NAME:
ORGANIZATION
/ ADDRESS

DALE R. YOCKEY

COMMENTS & RECOMMENDATIONS:

What do you like and /or dislike about this project?

I think its money wasted.
We have no water. We have to go to
the farmers to we can eat. The river dries
up before summer in the summer.

What would you do differently to meet the objectives of the project?

Must be like Idaho &
take the fish down the river. The fish in Columbia &
Snake & Paya a catch & most of the fish we catch
are white fish.

Do you have specific environmental, social or economic concerns related to this project?

It gives the Indians a job but is a waste
of the taxpayers money.

Other comments/concerns.

When the fishing had fish in
it there were was lots of water in it.
Farming put a stop to that.

Dale R. Yockey
